

SHOHINI BHATTASALI

PERSONAL INFORMATION

email shohini.bhattasali@utoronto.ca
website <https://cluelab-uoft.github.io/>
phone +1 (416) 474 1591

EMPLOYMENT

2022 – Present University of Toronto, Toronto, ON M1C 1A4
Assistant Professor · Department of Language Studies, University of Toronto Scarborough
Assistant Professor · Department of Linguistics, University of Toronto St. George
Faculty Affiliate · Data Sciences Institute · Cognitive Science Research Community · Center for South Asian Studies

2019 – 2022 University of Maryland, College Park, MD 20742
Postdoctoral Associate · Department of Linguistics · Institute of Advanced Computer Studies (UMIACS)
PI: Philip Resnik
Postdoctoral Affiliate · Neuroscience and Cognitive Science (NACS)

EDUCATION

2014 – 2019 Cornell University, Ithaca, NY 14853
PhD in Linguistics · Graduate Minor in Cognitive Science
Dissertation: *A Neurolinguistic Approach to Noncompositionality & Argument Structure*
Advisor: John Hale
Committee Members: Miloje Despic, John Whitman, Wen-Ming Luh, Murielle Fabre
2017 **MA in Linguistics**

2010 – 2014 Bryn Mawr College, Bryn Mawr, PA 19010
AB in Linguistics (Hons), magna cum laude · Minors in Computer Science and Chinese
Thesis: *Correlations Between Sentiment Analysis of Movie Tweets, Film Critics Reviews, and Box Office Earnings*

Summer 2012 Yunnan University, Kunming, People's Republic of China
Study Abroad

AWARDS & DISTINCTIONS

2026 Nominated, Emerging Scholar – Social Sciences, University of Toronto Scarborough
2025 Connaught New Researcher Award, University of Toronto
2023 NCFDD Teaching Toolkit Summer Program Scholarship, University of Toronto Scarborough
2019 President's Travel Fund for the Humanities, Cornell University
2019, 2018, 2017 Cognitive Science Travel Grant, Cornell University
2018, 2014 Sage Fellowship, Cornell University
2017 EFL Mobility Grant, Laboratoire d'excellence-EFL (CNRS, Paris)

2018, 2017, 2016	Graduate School Conference Travel Grant, Cornell University
2018, 2017, 2016	Linguistics Department Conference Travel Grant, Cornell University
2013	Summer Science Research Fellowship in Computer Science, Bryn Mawr College
2012	Thomas Raeburn White Scholarship in Foreign Language Study, Bryn Mawr College

GRANTS

Research Grants

2026 – 2030	SSHRC Insight Grant · Social Sciences and Humanities Research Council (SSHRC) of Canada <i>Human Rights Law and Communication Neuroprostheses: Freedom of Thought and Speech, Mental Privacy, and Equality</i> Co-PIs: Jennifer Chandler, Vincent Bergeron, Susan Boehnke, Tom Chau, Heather Flowers, Loretta Norton, Christine Watt, Jocelyn Zwicker, Shu Ishida, David Moses, Amanda van Beinum \$474,211 (CAD)
2025 – 2027	SSHRC Insight Development Grant · Social Sciences and Humanities Research Council (SSHRC) of Canada <i>A Computational Approach to Narratives: Using Large Language Models to Analyze Discourse Coherence</i> \$29,542 (CAD)
2024 – 2025	UTSC Tri-Agency Bridge Funding · OVPRI, University of Toronto Scarborough <i>Sentence processing in Bangla: Neurolinguistic evidence from an understudied language</i> \$10,000 (CAD)
2023 – 2025	Connaught Community Partnership Research Program Award · University of Toronto <i>Making the Internet Safer through Community-Powered Artificial Intelligence</i> Co-PIs: Ishtiaque Ahmed, Shion Guha \$100,000 (CAD)
2023 – 2025	Data Sciences Institute Catalyst Grant · University of Toronto <i>Toward Reducing Harmful Contents on Social Media with Pluralistic Justifications through Community-powered AI</i> Co-PIs: Ishtiaque Ahmed, Shion Guha \$100,000 (CAD)
2023 – 2024	Institute for Pandemics Catalyst and Research Development Grant · University of Toronto <i>Empowering Hospitals in Public Health Crises: AI-Supported Patient-Centric Systems for Resilience and Recovery</i> Co-PIs: Zahra Shakeri Hossein Abad, Ishtiaque Ahmed \$25,000 (CAD)

Pedagogical Grants

2023 – 2026	Department Research Fund · OVPRI, University of Toronto Scarborough <i>Undergraduate research in experimental linguistics & psycholinguistics</i> Co-PIs: Rena Helms-Park, Yoonjung Kang, Dave Kush, Phil Monahan, Safieh Moghaddam, Juvenal Ndayiragije \$30,000 (CAD)
2025 – 2027	Graduate Education Innovation Fund · School of Graduate Studies, University of Toronto <i>Computing Linguists: Online Mastery Learning Modules for Computational Linguistics</i>

Co-PIs: Barend Beekhuizen, Ewan Dunbar
\$4,960 (CAD)

2023 – 2024 Flexible Learning Initiatives Award · Vice-Provost, Innovations in Undergraduate Education, University of Toronto
Teaching award to support course redesign and develop online course materials for introductory linguistics courses in a hybrid environment
Co-PIs: Safieh Moghaddam, Juvenal Ndayiragije
\$18,000 (CAD)

PUBLICATIONS Note: ☆ represents mentored students

- 2026 Investigating event orders in LLMs: Insights from English, Norwegian, and Greek temporal connectives
Hannah Rognan[☆], Myrto Grigoroglou, **Shohini Bhattasali**.
Proceedings of the Annual Meeting of the Cognitive Science Society, 48 .
- 2026 A Predictive Coding Model for Online Sentence Processing

eLife, 11: e72056.
- 2022 Neurocomputational models of language processing

- John Hale, Luca Campanelli, Jixing Li, **Shohini Bhattachali**, Christophe Pallier, Jonathan Brennan.
Annual Review of Linguistics, 8:1, 427 – 446.
- 2021 Using surprisal and fMRI to map the neural bases of broad and local contextual prediction during natural language comprehension
Shohini Bhattachali, Philip Resnik.
Proceeding of the Findings of the ACL 2021, Bangkok, Thailand.
- 2021 Modeling incremental language comprehension in the brain with Combinatory Categorical Grammar
Miloš Stanojević, **Shohini Bhattachali**, Donald Dunagan, Luca Campanelli, Mark Steedman, Jonathan Brennan, John Hale.
Proceedings of the 11th workshop on Cognitive Modeling and Computational Linguistics (CMCL 2021), Mexico City, Mexico.
- 2020 The Alice Datasets: fMRI & EEG Observations of Natural Language Comprehension
Shohini Bhattachali, Jonathan Brennan, Wen-Ming Luh, Berta Franzluebbers, John Hale.
12th International Language Resources and Evaluation Conference (LREC 2020), Marseille, France.
- 2020 Modeling Conventionalization and Predictability in Multiword Expressions at the Brain level
Shohini Bhattachali, Murielle Popa-Fabre, John Hale, Christophe Pallier.
Proceedings of the Society for Computation in Linguistics (SCiL 2020), New Orleans, LA.
- 2019 Diathesis Alternations and Selectional Restrictions in Sentence Processing: A fMRI Study
Shohini Bhattachali, John Hale.
Proceedings of the 55th Meeting of the Chicago Linguistic Society (CLS 55), Chicago, IL.
- 2019 Localising Memory Retrieval and Syntactic Composition: A fMRI study of Natural Language Comprehension
Shohini Bhattachali, Murielle Fabre, Wen-Ming Luh, Hazem Alsaied, Matthieu Constant, Christophe Pallier, Jonathan Brennan, R. Nathan Spreng, John Hale.
Language, Cognition and Neuroscience, 34:4, 491 – 510.
- 2018 Processing MWEs: Neurocognitive Bases of Verbal MWEs and Lexical Cohesiveness within MWEs
Shohini Bhattachali, Murielle Fabre, John Hale.
Proceedings of the 14th Workshop on Multiword Expressions (COLING 2018), Santa Fe, NM.
- 2018 Differentiating Phrase Structure Parsing and Memory Retrieval in the Brain
Shohini Bhattachali, John Hale, Christophe Pallier, Jonathan Brennan, Wen-Ming Luh, R. Nathan Spreng.
Proceedings of the Society for Computation in Linguistics (SCiL 2018), Salt Lake City, UT.
- 2016 Computational Approach to Bengali Stress
Shohini Bhattachali.
Cornell Working Papers in Phonetics and Phonology, Ithaca, NY.
- 2015 Automatic Identification of Rhetorical Questions
Shohini Bhattachali, Jeremy Cytryn, Elana Feldman, Joonsuk Park.
Proceedings of the 53rd Annual Meeting of the Association for Computational Linguistics (ACL '15), Beijing, China.

PRESENTATIONS

Note: ☆ represents mentored students

- 2026 A Novel Measure of Discourse Coherence in the Era of LLMs
Korey Miller-Boyle[☆], **Shohini Bhattachasali**.
73rd annual meeting of the Canadian Linguistic Association (CLA 2026), Calgary, AB, Canada.
[Refereed]
- 2025 Modelling Temporal Connective Processing with LLMs: Insights from English & Norwegian
Hannah Rognan[☆], **Shohini Bhattachasali**.
31st Architectures and Mechanisms for Language Processing (AMLaP 2025), Prague, Czechia.
[Refereed]
- 2025 Event Order Recognition in BERT: Evidence from Temporal Connectives
Hannah Rognan[☆], **Shohini Bhattachasali**.
14th Workshop on Cognitive Modeling and Computational Linguistics (CMCL 2025), Albuquerque, NM, USA. [Refereed]
- 2023 How far does probability take us when measuring psycholinguistic fit? Evidence from
substitution illusions and speeded cloze data
Sathvik Nair, **Shohini Bhattachasali**, Philip Resnik, Colin Phillips.
36th Annual Conference on Human Sentence Processing, 2023 (HSP 2023), University of
Pittsburgh, PA, USA. [Refereed]
- 2023 Progression of acoustic, phoneme, lexical, and semantic neural features emerge for different
speech listening
Dushyanthi Karunathilake, Christian Brodbeck, **Shohini Bhattachasali**, Philip Resnik, Jonathan
Simon.
46th Association for Research in Otolaryngology Midwinter Meeting (ARO 2023), Orlando, FL,
USA. [Refereed]
- 2022 Progression of acoustic, phoneme, lexical, and semantic neural features emerge for different
speech listening
Dushyanthi Karunathilake, Christian Brodbeck, **Shohini Bhattachasali**, Philip Resnik, Jonathan
Simon.
Annual Meeting of the Society for Neuroscience (SfN 2022), San Diego, CA. [Refereed]
- 2022 Verbs' selectional preferences modulate N400 response in sentence processing
Chiebuka Ohams[☆], **Shohini Bhattachasali**, Philip Resnik.
14th Annual Meeting of the Society of Neurobiology of Language (SNL 2022), Philadelphia, PA.
[Refereed]
- 2022 Progression of acoustic, phoneme, lexical, and semantic neural features emerge for different
speech listening
Dushyanthi Karunathilake, Christian Brodbeck, **Shohini Bhattachasali**, Philip Resnik, Jonathan
Simon.
14th Annual Meeting of the Society of Neurobiology of Language (SNL 2022), Philadelphia, PA.
[Refereed]
- 2022 Semantic frames as a predictive cue during sentence processing
Chiebuka Ohams[☆], **Shohini Bhattachasali**, Philip Resnik.
28th Architectures and Mechanisms of Language Processing conference (AMLaP 2022), York, United
Kingdom. [Refereed]
- 2022 Progression of acoustic, phoneme, lexical, and semantic neural features emerge for different
speech listening
Dushyanthi Karunathilake, Christian Brodbeck, **Shohini Bhattachasali**, Philip Resnik, Jonathan
Simon.
6th International Conference on Cognitive Hearing Science for Communication (CHSCOM 2022),
Linköping University, Sweden. [Refereed]

- 2020 Neurocognitive correlates of broad & local context cues during natural language comprehension
Shohini Bhattachali, Philip Resnik.
12th Annual Meeting of the Society of Neurobiology of Language (SNL 2020), Philadelphia, PA. [Refereed]
- 2020 Differentiating between broad & local context cues using surprisal: An fMRI study
Shohini Bhattachali, Philip Resnik.
26th Architectures and Mechanisms of Language Processing conference (AMLaP 2020), Potsdam, Germany. [Refereed]
- 2020 Investigating the role of context in comprehension using topical surprisal: An fMRI study
Shohini Bhattachali, Philip Resnik.
33rd Annual CUNY Sentence Processing Conference (CUNY 2020), Amherst, MA. [Refereed]
- 2020 Probing the neural correlates of argument structure: A fMRI study of naturalistic language
Shohini Bhattachali, Murielle Popa-Fabre, John Hale.
33rd Annual CUNY Sentence Processing Conference (CUNY 2020), Amherst, MA. [Refereed]
- 2019 Modeling Conventionalization and Predictability in Multiword Expressions at the Cerebral Level
Murielle Popa-Fabre, **Shohini Bhattachali**, John Hale, Christophe Pallier.
Collaborative Research in Computational Neuroscience (CRCNS 2019), Austin, TX.
- 2018 Right Lateralization of Verbal Collocations
Shohini Bhattachali, Murielle Fabre, John Hale.
24th Architectures and Mechanisms of Language Processing conference (AMLaP 2018), Berlin, Germany. [Refereed]
- 2018 Break the ice vs. boa constrictors: Do they have different neural bases?
Shohini Bhattachali, Murielle Fabre, John Hale.
10th Annual Meeting of the Society of Neurobiology of Language (SNL 2018), Québec City, Canada. [Refereed]
- 2018 Dissociating prediction and constituent-structure during sentence-structure building
Murielle Fabre, **Shohini Bhattachali**, John Hale, Christophe Pallier.
10th Annual Meeting of the Society of Neurobiology of Language (SNL 2018), Québec City, Canada. [Refereed]
- 2018 Brain imaging of lexical cohesiveness and sentence-structure building
Murielle Fabre, **Shohini Bhattachali**, Hazem Alsaied, Matthieu Constant, Christophe Pallier, Wenming Luh, John Hale.
Collaborative Research in Computational Neuroscience (CRCNS 2018), Berkeley, CA.
- 2018 Mapping Memory Retrieval and Structure-building in the Brain
Shohini Bhattachali, Murielle Fabre, John Hale, Hazem Alsaied, Matthieu Constant.
31st Annual CUNY Sentence Processing Conference (CUNY 2018), UC Davis, CA. [Refereed]
- 2017 Localizing Structure-building and Memory Retrieval in Naturalistic Language Comprehension
John Hale, **Shohini Bhattachali**, Jonathan Brennan, Jixing Li, Wen-Ming Luh, Christophe Pallier, R. Nathan Spreng.
9th Annual Meeting of the Society of Neurobiology of Language (SNL 2017), Baltimore, MD. [Refereed]
- 2017 Neuroimaging the language network with a parsing algorithm
John Hale, Jonathan Brennan, **Shohini Bhattachali**, Wen-Ming Luh, Christophe Pallier.
Collaborative Research in Computational Neuroscience (CRCNS 2017), Providence, RI.
- 2017 Am I Stressed? Computational Approach to Bengali Stress
Shohini Bhattachali .
91st Annual Meeting of the Linguistic Society of America (LSA 2017), Austin, TX. [Refereed]

- 2015 Processing Ambiguity in Bengali Correlatives
Shohini Bhattachali.
Workshop on Relative Clauses: Relatives in East Asia and Beyond, Cornell University.

TALKS

- 2026 How can computational linguistics help us understand human language comprehension?
Invited talk, *Department of Linguistics*, McMaster University.
- 2023 How can computational linguistics help us understand human language processing?
Invited talk, *UTSC Data Science Forum*, University of Toronto Scarborough.
- 2023 How can computational linguistics help us understand human language processing?
Invited talk, *De Leidsche Flesch Study Trip*, Leiden University.
- 2023 How can computational linguistics help us understand human language processing?
Invited talk, *10th Annual Scarborough Undergraduate Linguistics Conference (SULC)*, Linguistics Student Association, University of Toronto Scarborough.
- 2023 How can computational linguistics help us understand language comprehension?
Invited talk & Panel, *CASA Women in Cognitive Science*, Cognitive Science and Artificial Intelligence Students Association, University of Toronto.
- 2023 How can tools from NLP help us understand human language comprehension?
Invited talk, *DSI Blitz Workshop*, Data Science Institute, University of Toronto.
- 2023 Neurocomputational Approaches to Language Processing
Invited talk, *Bilingualism and Multilingualism lab*, Department of Speech-Language Pathology, University of Toronto.
- 2023 Computational analysis of MEG and EEG data using Eelbrain (with Chiebuka Ohams)
Workshop, *Winter Storm Workshop*, Department of Linguistics, University of Maryland.
- 2022 Investigating the role of context during sentence processing
Invited talk, *LGCU Welcome Workshop*, University of Toronto.
- 2022 Lexical Information Associated with Verbs as a Predictive Cue during Sentence Processing
ONR MURI on Document Comprehension Annual Review Meeting, George Mason University.
- 2022 Neurocomputational Approaches to Language Processing
Invited talk, *Computational Linguistics Research Group*, University of Toronto.
- 2022 Language & Brain
Guest lecture, *LING 110: Introduction to Linguistic Analysis*, University of Rochester.
- 2022 Neurocomputational Approaches to Language Processing
Invited talk, *Linguistics Colloquium*, University of Toronto.
- 2022 Neurocomputational Approaches to Language Processing
Psycholinguistics Workshop, University of Maryland.
- 2022 Neurocomputational Approaches to Language Processing
Computational Linguistics and Information Processing Colloquium, University of Maryland.
- 2021 Using Topical Context to examine Language Processing
ONR MURI on Document Comprehension Annual Review Meeting, George Mason University.

- 2020 Investigating Contextual Influence on Language Understanding
ONR MURI on Document Comprehension Annual Review Meeting, George Mason University.
- 2020 Applying computational models to neuroimaging data in order to understand the physical basis of language comprehension
ONR MURI on Document Comprehension Annual Review Meeting, George Mason University.
- 2020 Investigating the role of context using surprisal: An fMRI study
Invited talk, *MIT Computational Psycholinguistics lab*.
- 2020 Exploring the neural correlates of context in sentence processing
Cognitive Neuroscience of Language, University of Maryland.
- 2020 Neural Mechanisms of Multiword Expressions
Invited talk, *Computational Linguistics (GUCL) colloquium*, Georgetown University.
- 2020 Introduction to Computational Neurolinguistics
Guest lecture, *LING 773: Computational Linguistics II*, University of Maryland.
- 2020 Computational Modeling of Neural Data in Sentence Understanding
ONR MURI on Document Comprehension Annual Review Meeting, George Mason University.
- 2020 The Alice Datasets
Panelist, *CUNY 2020 Workshop on Remote Data Collection*.
- 2019 Using Computational Linguistics to Investigate Multiword Expressions at the Brain Level
Invited talk, *Computational Linguistics and Information Processing Colloquium*, University of Maryland.
- 2019 Verbs in Sentence Processing: Subcategorization & Selectional Restrictions
Cognitive Science Grad Student Info Blitz, Cornell University.
- 2019 Processing Multiword Expressions & Verbal Argument Structure: A fMRI study
Invited talk, *Cognitive Neuroscience of Language*, University of Maryland.
- 2018 Differentiating Structure Building & Memory Retrieval in natural language using MWEs
Cognitive Science Grad Student Info Blitz, Cornell University.
- 2018 Neural Bases of Discourse Comprehension
Guest lecture, *LING 2264: Language, Mind, and Brain*, Cornell University.
- 2017 Sense & Reference: Introduction to Semantics
LING 3303: Introduction to Syntax & Semantics, Cornell University.
- 2017 Localization of composition and memory in language using fMRI data
Cognitive Science Grad Student Info Blitz, Cornell University.
- 2017 Processing MWEs: A Neurolinguistic Approach
Linguistics Graduate Research Workshop Presentations, Cornell University.
- 2016 Finite-state Approach to Bengali Stress
Linguistics Graduate Research Workshop Presentations, Cornell University.

TEACHING

University of Toronto

- Winter 2025 Instructor · LIN1207: Advanced Computational Methods: Linguistics, Brains, Computers
Designed a new seminar to introduce students to the fundamentals of cognitive neuroscience and how contemporary computational models are used to understand language processing in the brain.

- Fall 2024 – 2026 Instructor · LINB30H3: Programming for Linguists

Designed and taught a new course to provide students an introduction to programming, with a focus on analyzing natural language text as quantitative data.

Fall 2023

Instructor · LIN1107: Introduction to Computational Methods for Linguistics
Taught a graduate seminar to give students a survey of current contemporary computational modeling strategies in linguistics.

*Winter 2023 –
2026*

Instructor · LINC35H3: Introduction to Computational Linguistics
Designed and taught an experiential learning course to give students a survey of current research topics and tools in computational linguistics.

Fall 2023

Co-Instructor with Emily Atkinson and Samuel Akinbo · LIN2101: Junior Forum
Taught a professional development course for first year PhD students.

Winter 2023, 2026

Instructor · LINB10H3: Morphology
Designed and taught a course focused on core issues in morphological theory, including properties of the lexicon and combinatorial principle.

Fall 2022 - 2025

Instructor · LINBo6: Syntax
Taught introductory survey of syntax and designed tutorials to give students hand-on experience with data analysis.

Fall 2022

Co-Instructor with Dave Kush and Emily Atkinson · LIN2101: Junior Forum
Taught a professional development course for first year PhD students.

University of Maryland

Fall 2019

Co-Instructor with Philip Resnik · LING 848A: Seminar in Computational Linguistics & Cognitive Neuroscience of Language
Designed and led an interdisciplinary graduate seminar discussing recent topics at the confluence of computational linguistics, psycholinguistics, and cognitive neuroscience of language.

Cornell University

Summer 2019

Co-Instructor with Kate Navickas · WRIT 7100: Teaching Writing
Trained graduate students to develop course materials and pedagogical tools for a writing seminar by developing class activities, responding to student assignments, and designing & leading workshops.

Spring 2018

Teaching Assistant · LING 4424: Introduction to Computational Linguistics
Held office hours & review sections and graded exams & biweekly assignments

Fall 2017

Teaching Assistant · LING 3303: Introduction to Syntax & Semantics
Designed and led weekly review sections to contextualize lectures and graded exams & weekly assignments

*Spring 2017,
Fall 2016*

Teaching Assistant · HINDI 1101/2: Elementary Hindi I/II
Taught introductory-level Hindi, developed course materials, and graded daily assignments & weekly tests

*Spring 2016,
Fall 2015*

Instructor, First-Year Writing Seminar · LING 1100: Translation & Writing
Developed and taught a seminar which incorporates topics in translation and linguistic theory with practical experience in academic writing

2014 - 2018

Teaching Assistant · Acquiring Multiple Languages
Compiled various language acquisition and developmental linguistics studies to develop course materials and create a repository for an online edX course

Bryn Mawr College

Fall 2013 Undergraduate Teaching Assistant · Introduction to Computational Linguistics
Held two weekly problem sessions to help students with class readings and lab assignments

MENTORING EXPERIENCE

Primary Supervision

Fall 2025 – Present Korey Miller-Boyle · MA student, University of Toronto
Supervisor, MA project: *A Novel Measure of Discourse Coherence in the Era of LLMs*

Summer 2026 Shubhra Rashmi · Undergraduate student, University of Toronto Scarborough
Pedagogical research project: *Redesigning LINB30 with AI collaborators: A vibe-coding approach.*

Fall 2025 Alkim Deniz Sarikaya · PhD student, University of Toronto
Supervisor, independent research project: *Cognitive modelling, vector semantics, and language processing*

Fall 2025 – Winter 2026 Salimata Leye · Undergraduate student, University of Toronto Scarborough
Supervisor, independent research project: *Investigating the role of context in language models: Insights from French & English*

Fall 2024 – Summer 2025 Hannah Rognan · MA student, University of Toronto
Supervisor, MA project: *A cross-linguistic approach to modeling temporal connective processing with computational models*
▷ Computer Science PhD student at the University of Antwerp

Summer 2025 Leo Peckham · Undergraduate student, University of Toronto
Co-supervisor with Dr. Ewan Dunbar & Dr. Barend Beekhuizen,
Pedagogical research project: *Computing Linguistics: Online Mastery Learning Modules for Computational Linguistics*

Fall 2024 – Winter 2025 Sanvi Dubey · Undergraduate student, University of Toronto Scarborough
Co-Supervisor with Dr. Dave Kush, research project: *Hindi sentence processing: A computational approach*

Fall 2023 Jericho Cristomo · Undergraduate student, University of Toronto Scarborough
Developing a chatbot to improve the UTSC campus experience

Fall 2021 – Fall 2025 Chiebuka Ohams · Undergraduate student, University of Maryland
Lexical information associated with verbs as a predictive cue during sentence processing
▷ Post-baccalaureate researcher at MIT Department of Brain and Cognitive Sciences

Evaluation & Supervisory Committee

Summer 2026 Xinyu Liao · PhD student, University of Toronto
Evaluation committee, PhD General Paper: *Psychometric predictive power of LLM surprisal in speech production: cue-selective enhancement of stop laryngeal contrasts in English and Korean.*

Summer 2026 Juhyung Cho · PhD student, University of Toronto
Evaluation committee, PhD General Paper: *Lexical Facilitation of Neurophysiological Access to Abstract Phonological Features.*

Summer 2025 Khushi Patil · MA student, University of Toronto

Evaluation committee, MA project: *Talker accent modulates neural processing of Mandarin-English code-switched speech*

Fall 2022 -
Summer 2026

Zhanao Fu · PhD student, University of Toronto
Supervisory committee, PhD thesis: *Elastic Features: A Framework of Neural Segmental Representation*.

PROFESSIONAL DEVELOPMENT

- December 2024 Graduate Student Inclusion in Grants · School of Graduate Studies, University of Toronto
Attended a panel discussion to discuss strategies to incorporate graduate students in various roles in tri-agency funding.
- November 2024 How to Give More Effective Writing Feedback to Graduate Students · School of Graduate Studies, University of Toronto
Attended a workshop to help faculty develop feedback practices that are more manageable and effective for graduate students.
- October 2024 Imagining Higher Education as Infrastructures of Care · Mentoring Excellence And Diversity Advisory Committee, University of Toronto Scarborough
Attended a talk and discussion around how university infrastructures are for mentorship, and also for restoration.
- January 2024 First-Year Faculty Scholarship Meeting · Office of the Vice-Principal Academic & Dean, University of Toronto Scarborough
Participated in a workshop centered around supporting early-career scholarship and ways to scaffold a research trajectory.
- November 2023 Finding Some Balance · Mentoring Excellence And Diversity Advisory Committee, University of Toronto Scarborough
Participated in a discussion focused on challenges and potential strategies for work-life balance in academia.
- July 2023 Generative Artificial Intelligence Session · Office of the Vice-Principal & Dean, University of Toronto Scarborough
Attended a information session about the role of AI tools in pedagogy and the university's response to them.
- April 2023 You and OVPRI: New faculty orientation · Office of the Vice-Principal Research & Innovation, University of Toronto Scarborough
Attended a talk to learn more about the role of the OVPRI and how they support faculty research and grant applications.
- February 2023 Interim Review workshop · Vice-Provost Faculty & Academic Life, University of Toronto
Attended a workshop to learn more about the promotion and tenure process at UofT.
- January 2023 Pedagogies of Inclusive Excellence Workshop · University of Toronto Scarborough
Attended a talk to learn more about the PIE fund and recent examples of successful projects on campus.
- December 2022 SSHRC Insight Development Grant: Strategies for Success. · Center for Research and Innovation, University of Toronto
Attended a workshop to learn more about the best strategies while applying for a SSHRC IDG.
- September 2022 Envisioning Graduate Education in the Post-Pandemic Era · School of Graduate Studies, University of Toronto
Attended a panel to learn more about initiatives and ideas to support and adapt graduate student education after the pandemic.
- September 2022 Introduction to Equity, Diversity, Inclusion in Research & Innovation at UofT · Center for

Research and Innovation, University of Toronto

Attended a panel to learn about the mandate of the office of EDI in Research and Innovation, the services offered, and what the landscape of EDI in Research and Innovation will look like at the University of Toronto.

August 2022

UTSC New Faculty & Librarian Orientation · Office of the Vice-Principal Academic & Dean, University of Toronto Scarborough

Participated in panels and workshops to understand and learn about setting up a research program and best practices for teaching.

March 2021

Exploring and Unpacking Post-PhD Career Possibilities · Center for the Integration of Research, Teaching, and Learning (CIRTL)

Participated in workshops to articulate and build on skills acquired through mentoring and advising relationships, communities and network, along with learning how to create and implement a career development plan.

August 2020

Summer Success Institute · NSF PROMISE & University of Maryland

Participated in panels to explore careers in academia and federal agencies, along with sessions on cross-cultural mentoring, sustaining support networks, and optimizing the postdoctoral experience.

Summer 2020

Mentoring for New Mentors Workshop Series · Office of Postdoctoral Affairs, University of Maryland

Participated in workshops to develop and improve mentoring skills and gain exposure to various mentoring challenges and strategies, along with creating a personal mentoring philosophy.

Spring 2020

Sharing Research with Younger Audiences · Graduate School Writing Center, University of Maryland

Learned how to communicate our research to younger audiences, create interest & foster appreciation for critical thinking, along with understanding different formats & medium for outreach.

Fall 2019 - Present

UTLP Workshops · Teaching & Learning Transformation Center, University of Maryland

Participated in various professional development & teaching workshops such as crafting teaching & mentoring philosophies, fostering diversity & inclusion in classrooms among others.

September 2019

Postdoctoral Research Symposium · Office of Postdoctoral Affairs, University of Maryland
Attended panels and participated in workshops to develop techniques needed for researchers including effective teaching & communication, along with career strategies to transition from postdoctoral researcher to independent researcher.

June 2018

Future Professors Institute: Advancing Diversity in the Academy · Graduate School Office of Inclusion & Student Engagement, Cornell University

Participated in workshops & seminars geared towards students of color & underrepresented groups preparing for academic careers.

Fall 2017

ALS 6015: Teaching in Higher Education · Centre for Teaching Innovation, Cornell University

Participated in course activities related to effective teaching and professional development to prepare for a faculty position in higher education

2016 - 2019

GET SET Pedagogy Workshops · Centre for Teaching Innovation, Cornell University

Participated in workshops covering various issues in teaching and learning in higher education such as assessing learning, creating an engaging classroom, innovative approaches in pedagogy among others

Summer 2015

WRIT 7100: Teaching Writing course · Knight Institute for Writing in the Disciplines, Cornell University

Spring 2015

ASIAN 5505: Methodology of Asian Language learning and teaching course · Department

of Asian Studies, Cornell University

SERVICE & OUTREACH

Ad-hoc Reviewing

Journals Neuroscience & Biobehavioral Reviews · Scientific Reports · Nature ·
Glossa: Psycholinguistics · Language, Cognition and Neuroscience · Journal of
Neuroscience · Journal of Memory and Language

Conferences Society for Computation in Linguistics (SCiL) · Association for Computational Linguistics
(ACL) · Cognitive Science Society · European Chapter of the Association of
Computational Linguistics (EACL) · SIGNLL Conference on Computational Natural
Language Learning (CoNLL) · Empirical Methods in Natural Language Processing
(EMNLP) · Human Sentence Processing (HSP)

Grants Social Sciences and Humanities Research Council (SSHRC) · Data Science Institute (DSI),
University of Toronto

Conference Organization

2017 – 2018 Annual Meeting for the North East Linguistics Society (NELS 49)

2016 Conference on Laboratory Phonology (LabPhon 15)

Other Activities

2024 – Present Graduate Curriculum Committee · Department of Linguistics, University of Toronto
Member

2022 – 2023 Tenure track position in Computational Linguistics · Department of Language Studies,
University of Toronto
Search Committee

2023 – Present Experiential Education and Co-op Working Group · UTSC Office of the Vice-Principal
Research & Innovation
Member

2023 University of Toronto Excellence Awards (UTEA) Internal Review Committee · UTSC
Office of the Vice-Principal Research & Innovation
Member

2022 – 2024 Racial Justice Working Group · Department of Linguistics, University of Toronto
Member

2022 – Present UTSC Campus Liaison · Department of Linguistics, University of Toronto
Member

2022 – 2024 Junior Forum · Department of Linguistics, University of Toronto
Junior Member

2022 – 2023 Curriculum Committee · Department of Language Studies, University of Toronto
Scarborough
Member

2022 – Present Research Committee · Department of Language Studies, University of Toronto
Scarborough
Member

2020 Computational Cognitive Neuroscience of Language Reading Group · University of
Maryland
Organizer

January 2020 Brains On! Science Podcast for Kids · American Public Media

	Linguistics Consultant
2018 – 2019	Tenure Track Position in Experimental Linguistics · Cornell University Search Committee
2019, 2018, 2017	National Computational Linguistics Olympiad (NACLO) · Cornell University Local Host Site Assistant Organizer
2016 – 2018	Graduate & Professional Students Assembly · Cornell University Academic Integrity Hearing Board member
2014 – 2019	Cornell Linguistics Circle President {2016 - 2017} · Web Admin {2014 - 2016} · Social Committee {2014 - 2015}

AFFILIATIONS

<i>Professional Societies</i>	Cognitive Science Society · Society for the Neurobiology of Language · Linguistic Society of America · Association for Computational Linguistics · Spark Society
<i>University & Lab Affiliations</i>	UofT: The Computing Linguists (TCL) · Cognitive Science of Language (CSoL) · Institute for Pandemics UMD: Cognitive Neuroscience of Language (CNL) lab · Computational Linguistics and Information Processing (CLIP) lab Cornell University: Computational Linguistics lab · Brain & Language lab

SKILLS

<i>Computer Skills</i>	Intermediate: PsychoPy · Matlab · RStudio · PCibex Advanced: Java · Python · C++ · SPM · HTML · L ^A T _E X
<i>Languages</i>	Native Speaker: English · Bengali · Hindi Conversational: Mandarin Chinese
<i>Others</i>	Dance: Trained in Odissi (classical Indian dance form) with Bhaskar certificate (equivalent to BA degree) Classical Piano: Completed Grade 7 practical and musical theory exam with distinction under ABRSM.
